Our friend, M. S. Cowns, is the manager of an excellent Livery Stable, on Church street, just below the Post Office. Who prefers the vehicular or equestrian to the pedestrian, can always gratify that preference by calling on him. His horses, fat, sleek, and spirited, have smooth and easy gaits; and his hacks, carriag s, and buggies, have delicious springs. And this who will, may verify.

THE JAHL-Mr. TRAVIS WINHAM, appoint d k ep r of the Jail of Davidson county, by the newly elected Sheriff, Jas. M. HINTON, Esq., having d clined the appointment : it has been conferred upon Thos. Mr. WINHAM would have made a mo-t excelleut officer, but inasmuch as he has declined a rving, it is gratifying to know the place will be occupied by a gentleman in every way capable of discharging its duties. - Gazette.

THE GATETY.-The play-goers of Nashville will be gratified to know that the manager of the "Galety" has effected a re-engagement of Miss CHARLOTTE CUSHMAN, even for the short space of three more nights. She is unquestionably without a rival in her principal characters, as she has abundantly shown during her present brief stay. We congratulate those who have not seen and heard h r, that they still have the opportubity to do so; as well as those who have, and have been transport d by her acting, may also again see her in h r great p requations. We learn that Mr. W. S. BENNETT who introduced here last year. West's Patent Roofing, has taken charge of the DELAWARE House, at Port Jervis, New York, on the line of the New York and Eric Railroad, Port Jervis is a station on the railroad, about 88 miles from the city of New York, in the valley of the Neversiak, and contains about one thousand inhabitants. The streams around we are informed, abound with fish, and the mountains with deer and other game. The locality is, therefore, an excellent one for summer sport; and should any of the readers of the Parkior chance, the ensuing season, to seek recreation in that quarter of the country, we are sure BENNETT will do all he can to render their visit agreeable.

SHELBYVILLE BANK OF TENNESSEE, -At a meeting of the stockholders of the Shelbyville | For sale by Bank, held at the Banking House on the 27th, the following persons were elected Directors for the en-uing twelve months, viz : Edmond Cooper, T. Edmond Cooper then, in a very brief and satisfactory manner, explained to the Stockholders and Directors present the impossibility of his serving them longer as President of the Shelb ville Bank, owing to the very nature of his professional business, and begged that the Directors would accept his resignation; and, in compliance with his wishes, they d d se. The Ladies! The Ladies! It is a well established fact, that fully one half of the female portion of our population, are seldom in the enjoyment of good health, or to use their own expresion "never feel well." They are languid, devoid of all energy, extremely nervous, and have no appetite. To this class of invalids the Hoofland's German Bit ters are especially recommended. Their peculiar tonic and invigorating properties render them invaluable in

It affords me pleasure to sell a medicine so satisfactory to all Our physicians no longer scout at it, but are compelled to acknowledge its intrinsic value, and the greater part of them have had maguaaimity of soul sufficient to lay aside their prejudices and prescribe it in their practice

Ask for Hoofland's German Bitters, and take nothng eise. They are prepared and sold by Dr. C. M Jackson, No 418 Arch street, Philadelphia, and are sold by druggists and store-keepers in every town and village in the United States, Canadas, West Indies, and S America, at 75 cents per bottle. By We think is hardly known even to the most in elligent of our readers, how deep some of the sciences are looking down into the mysteries of creation We knew there were wonderful discoveries in these times, and wonderful uses made of them, but did not know the Chemists were imitating in their crucibles and even surpassing the most wonderful productions of organic life. During our visit to Lowell we were introduced by one of their prominent citizens to the laboratory of Dr. Ayer, (inventor of Cherry Pectoral and Cathartic Pills,) where we were shown with generou frankness his processes and his products. This master genius of his art is manufacturing the subtle essences of flowers from tar and other vegotable substances. His essence of Pine Apple, Strawberry, Checkerberry, Quince. Pear, Canella, Cinnamon, &c., not only equal but they exceed in purity of flavor, those vegetable themselves. His oil of Winter-green is purer and of better flavor than any that can be gathered from the plant - and yet is made by chemical composition from the Hydro-carbons in tar! His process is, to analyze the substance and find the exact offimate atoms of which it is made, then recompose them in the same proportions which exist in nature .- Christian Adop-

Kane's Arctic xpedition. Very few persons, while sitting at home comfortable a their easy chairs, can form any adequate idea of the hardships endured by the beld men who followed the lamented Dr. Kane on the Grinnell Arctic Expedition. Besides the suffering caused by the inhospitable climate, the intense cold b longht on Rheematism, storness of the Joints, Chilblains, &c., and, in many in stances the limbs and members of the daring evoluers were frozen or frost-bitten. Their sufferings fron these causes were very great and would have been mendurable but for the happy effects of a Liniment, nvented expressly for their use by the celebrated Dr A. G. Braze, a plentiful supply of which was taken along with the expetition. This Limmont proved so valuable, and its murits so fully confi med under the most unfavorable circumstances, that Dr. Bragg has been induced to commence its manufacture for the public. He calls it very properly "Bragg's Aucre LININGST. It is now for sale at all the Drug-stores and will undoubtedly come into universal use.
